

CHURCHES MEET
IN CONFERENCEFIRST CONFERENCE OF PRO-
TESTANT DENOMINATIONS
TO BE HELD SINCE
REFORMATION.

By the Associated Press

NEW YORK, March 24.—Preliminary arrangements for an ecumenical conference, the first since the Reformation to represent "Christians of every faith and land," have been approved by the administrative committee of the Federal Council of the Churches of Christ in America, it was announced here today by the Rev. Charles S. Macfarland, general secretary. One of its objects is to make future wars impossible.

Dr. Macfarland said that in order to have the assemblage the most widely representative gathering of modern times, one that would embrace every Christian denomination, all "questions for discussion are to be limited." He declared that the conference would be "less doctrinal and theological in its purpose than the World Conference on Faith and Order which is being promoted by the leaders of the Episcopal church looking toward the reunion of all Christendom."

The projectors, he said, are desirous that the conference shall be held only when the churches of all the nations are ready for it. "They hope," he said, "that the contacts of this gathering may furnish a genuine basis for brotherhood and understanding." Already, he said, church federations of the Scandinavian countries, of Switzerland and America, are backing the movement which is expected to take definite shape after the meeting of an international committee to be held in Geneva, Switzerland, next August. This committee is expected to issue the invitations to the leaders of the various Christian faiths.

"The Roman Catholic church has had its councils," explained Dr. Macfarland, "such as the notable Vatican council under Pope Pius IX in 1870 when the dogma of Papal Infallibility was promulgated. Protestant churches for several decades have been holding great international meetings the last of which met in Edinburgh in 1910. While the questions to be discussed at the forthcoming gathering will not partake of the profound theology of the earlier councils, yet in practical accomplishment for human welfare it should surpass them all."

The American Ecumenical Conference committee which is arranging for the conference is composed of 79 members including Bishop W. P. Anderson of Cincinnati, Dr. James L. Barton of Boston, Bishop James Cannon of Nashville, Tenn., the Right Rev. Thomas F. Gailor of Memphis, Tenn., Bishop E. H. Hughes of Malden, Mass., Dean Shailer Mathews of Chicago, Dr. John R. Mott of New York, the Right Rev. Ethelbert Tatbot of South Bethlehem, Pa., and Bishop Luther B. Wilson of New York.

RICH GOLD STRIKE
IN UPPER ALASKA

SEWARD, Alaska, March 24.—Reports of what is said to be a rich gold strike, both placer and quartz, in the Kantishna district, northwest of Nenana, recently have reached Seward. Scores of "sourdoughs" have been flocking from Nenana and Fairbanks to the "New Klondike," according to reports, and miles of claims already have been staked. Quartz veins in the district are reported to run from 3 feet to 14 feet high grade ore, containing both silver and gold. Lack of transportation is given as the reason for delayed development, as first claims were staked in the district in 1905. The government railway runs within 70 miles of the dredge of the Kantishna fields.

CHOIR PRACTICE AT THE
CHRISTIAN CHURCH

The Choir of the Christian Church will meet for practice this evening at 8:30. All members of the choir are urged to be present. Our choir is in a good healthful condition now and there is no reason why it should not remain so. They are producing some good music, too. It is important to be present at the practices, in order that the best service may be rendered on the Lord's Day. New members of the choir are always welcome.

First Baptist Prayer Meeting

We are exceedingly anxious to have a good attendance at prayer-meeting. The pastor will be present and conduct the meeting. Let all the members be present. C. C. Morris, Pastor.

New Cabinet Certain
COPENHAGEN, March 25.—Formation of a new German cabinet is a matter of only a few hours, and Independent Socialists are sure of getting several important portfolios, according to telegrams from Berlin this morning. Gas, water and electric service has not been resumed in Berlin, and the tramways are still idle, as the Independent Socialists have assumed a waiting attitude. They are said to be dissatisfied with the government's "soot armed Spartans" are simply stood against the wall.

CAPTAIN LANNING
CRITICISES DANIELSNAVY CHIEF COMES IN FOR AN-

HIGH UP IN NAVY'S OFFIC-
IAL FAMILY.

By the Associated Press

WASHINGTON, March 24.—Virtual chaos existed in the Navy Department when the United States entered the war, Captain Harris Lanning assistant chief of the bureau of navigation, testified today before the senate investigating committee.

Captain Lanning said no one knew what to do after a plan of action submitted by the bureau of operations had been disapproved, and that the "personal characteristics of the Secretary of the Navy often made it impossible to get approval of really important policies."

Captain Lanning, who followed Rear Admiral Sigsbee on the stand, said his statements were based on his experiences at sea with the fleet just before the United States entered the war, and in the navy department at Washington afterwards.

Smith Enters Contest

ATLANTA, Ga., March 24.—United States Senator Hoke Smith, has definitely determined to permit the use of his name as a candidate for the Democratic nomination for President in the Georgia presidential preference primary, April 20, it was announced at the senator's headquarters here today.

DELAWARE NOT FOR
WOMAN SUFFRAGE

By the Associated Press

DOVER, Delaware, March 24.—Whether Delaware would be the thirty-sixth state to ratify the woman suffrage constitutional amendment still was in doubt today when the legislature convened for the third day of the extraordinary session.

No vote in either body was in prospect before next Friday and the struggle for votes between advocates and opponents of suffrage continues unabated today, with both sides claiming victory.

Introduction of the resolution was the only official event scheduled for today.

CONG. BROWNING
DROPS DEAD IN CAPITOL

By the Associated Press

WASHINGTON, March 24.—Representative W. J. Browning, of Camden, New Jersey, dropped dead today in the barber shop at the Capitol building.

Mr. Browning was about to step out of the barber's chair when he was stricken with an attack of heart disease. He died before anyone could reach him.

Born in Camden, New Jersey seventy years ago, Mr. Browning had represented the first New Jersey district in congress since 1911. He was the ranking Republican member of the Naval Committee and handled the naval bill in the house where it passed late yesterday.

WOOD IS WINNER IN
DAKOTA PRIMARIES

By the Associated Press

SIOUX FALLS, S. D., March 24.—Returns received this morning from yesterday's presidential preference republican primary showed that in 651 precincts out of 1,740 Major General Leonard Wood had obtained 21,998 votes, Frank O. Lowden 17,350 and Senator Hiram W. Johnson 15,985. The returns received represent 53 out of 64 counties, and include all the principal cities of the state.

Wood Lead Is Small
SIOUX FALLS, S. D., March 24.—Major General Leonard Wood held a lead of slightly less than 3400 votes over Governor Lowden of Illinois, on returns from 708 out of 1740 state precincts in South Dakota's vote for endorsement of a Republican candidate for President. Senator Johnson, in third place was 1700 votes behind Governor Lowden.

Senator Miles Poindexter, independent candidate polled only a small vote.

Tabulated returns from 708 precincts showed the following vote: Wood 22,679
Lowden 19,282
Johnson 17,560
Ten counties, comprising 142 voting precincts, mostly in remote sections, have not been heard from. Most of these are isolated from railroad and wire connection.

Mrs. Rosie Griffith and daughter Inez, of Roff, were visiting in the city yesterday and left on the 4:45 Frisco for Oklahoma to visit their daughter and sister Mrs. Sue Palmer.

Ussaery Is On Trial
For Killing Hyden
The Last December

That Whit Hyden was shot down by G. W. Ussaery while Hyden had one hand lifted in the air and that Ussaery shot him a second time while Hyden was down, was the testimony submitted by eye witnesses to the shooting when the Ussaery case was called for trial in district court yesterday afternoon.

The shooting occurred on the 300 block on West Sixth street on the morning of December 5, 1919. Witnesses testified that Hyden came down Sixth street from the west, entered the yard of McBrook on the corner of Sixth and Stockton, and knocked on the door of the McBrook home. He immediately left the McBrook house and started across the street towards the Ussaery house, which stands opposite the McBrook home and faces south. When nearly across Sixth street Mrs. McBrook came out the back door of her home, passed around to the east end of the house, and seeing Hyden, she ran back across her yard and entered the yard of Mr. Mann, being followed by Hyden. There was some testimony to the effect that Hyden struck and kicked Mrs. McBrook while she was on the porch of the Mann home. Mrs. Mann, her daughter-in-law Mrs. McBrook, and the latter's little boy ran out of the yard and went to the Ussaery home, followed by Hyden. Mrs. Mann was phoning for an officer, when Ussaery went out into the street and had a short conversation with Hyden.

Witnesses testified that Hyden had stopped by a small tree on the south side of the street and when Ussaery came up, Hyden was leaning against the tree, holding his left foot across his right knee, and was apparently brushing the mud from his foot with his right hand. Witnesses stated that after a few words which they could not hear, Ussaery went back into his house and got a shot gun. When he returned he walked up within about 22 feet of Hyden and pointed the gun at him. Witnesses stated farther that when Ussaery aimed his gun at him Hyden lifted his right hand about as high as his head, but Ussaery fired and Hyden reeled and fell somewhat on his knees and elbows. Ussaery fired the second shot and walked back into his house.

I. H. Clark, who was an eye witness to the entire affair testified that he was standing at the window of his dining room when the shooting occurred, and when Ussaery started back to his house the witness went into the street and told some people on the street to call a physician. He then went to Hyden and found a pearl handled pocket knife lying near his feet. Mrs. Clark corroborated the story of her husband, stating that when Ussaery lifted his gun, she turned her head away, but when the shot was heard she looked back and saw Ussaery fire the second shot. Ussaery was (Continued on Page Four.)

AMERICAN WOMEN
MOST INDEPENDENT

BUENOS AIRES, March 24.—Dr. Alicia Moreau, a social worker widely known in South America, who has recently returned from Washington, has been telling the Argentine women that the women of the United States enjoy more liberty than those of any other country and urging them to awake from their lethargy and take lessons from their sister in North America.

She declared in an address the other day that women of the United States brought about prohibition, that they have "revolutionized their nation through work and propaganda and are now in such a strong position that they are bound to attain even greater heights of independence."

TEXAS SCHOOL LAND
NEARLY ALL SOLD

AUSTIN, Texas, March 24.—One of the greatest "bargain counters" in the history of Texas, and possibly of the United States, is now littered with "picked-over" remnants, according to officials of the state land office here. Texas school lands, they said, have been sold down to the point where only about 150,000 acres of rocky, broken, unutilizable land remains of the millions of acres placed on the market under competitive bidding by legislative authority in 1905.

Texas will have but one more big land sale, officials declared, before "spasms into the cone" other states which have no public domain. This sale will be of approximately two million acres of University of Texas lands, which, under control of the university's board of regents, is under lease to cattle raisers.

MINERS OPPOSED TO

NEW SCALE. PRESIDENT
URGED HASTE.

By the Associated Press

WASHINGTON, March 24.—Representations that the joint scale committee of operators and miners of the central competitive bituminous coal field, meet Monday in New York to draft a new wage agreement, was made in a telegram sent today by John L. Lewis, president of the United Mine Workers of America to Thos. S. Brewster, chairman of the operators scale committee.

The operators and miners were asked by President Wilson yesterday to convene the joint wage conference as soon as possible, so the uncertainty as to the fuel supply might be ended. At the same time the president said he expected the majority report of the coal commission, recommending an average wage increase of 27 per cent, to be accepted as binding on both the operators and miners.

NEW PLAN FOR
SOLDIERS RELIEFPLAN CALLS FOR LAND SETTLE-
MENT, HOME BUILDING,
TRAINING AND COM-
PENSATION.

By the Associated Press

WASHINGTON, March 24.—Failure of the Government to aid former service men has resulted in the I. W. W. making a drive to get such men into that organization, the ways and means committee of the House, was told today by J. E. Holden, State Adjutant of the American Legion in Utah.

Organized propaganda by the I. W. W. to discredit the Government and undermine the American Legion, is spreading throughout the country, he said, and many "unintelligent" former service men are being gathered into the organization as a result of propaganda stating that the Government has done nothing for former soldiers.

WASHINGTON, March 25.—Representatives of the American Legion had ready today for presentation to the house ways and means committee, a new plan for soldiers' relief, embracing provisions for land settlement, home building, added vocational training and payment of adjusted compensation.

Under the land bill, projects in all states would be available to former service men, and credit at the scale of 1:50 for every day of service, together with a loan at the rate of 4 1/2 per cent interest, would be authorized. Compensation at \$2.00 a day would be paid those who desired to acquire homes in city or country sections. Vocational training would be extended for a time equivalent to the service in the army or navy, together with compensation at \$1.50 a day. Former service men would have 10 years in which to file applications exercising one of the four options.

SHOOTS HIS SON
TO SAVE HIMSHOOTS DOWN OWN BOY TO
SAVE HIM FROM
THE GAL-
LOWS.

By the Associated Press

CHICAGO, March 24.—Frank Pinano, 17 years old, lay on a cot in the county hospital today seriously wounded, while his father who shot him "to save his soul," anxiously awaited the outcome of the boy's struggle for life.

"I am sorry," the elder Pinano told the police. "Rather than have him hung or shot, I shot him myself. I was always afraid he would turn bandit. My boy was in bad company."

The elder Pinano set out last night in a final effort to reclaim his boy. He found his son on the street in company of a gang and after a few words with him fired three bullets into his body. He waited over the injured boy until the police arrived.

"I love you Frank," the aged man sobbed. "I did it to save your soul."

Frank Junior, one of 10 children, slipped into his career of a gangster when he was 14 years old, his father said. He was arrested numerous times and sent to a reform school, but his mother's pleading always won for him a reprieve. He left home a year ago and persuaded his mother to give him money. Then he went away again.

Another Wildcat
Still Is Captured
Near Fitzhugh

While looking for a man accused of disposing of mortgaged property Walter Coyne yesterday afternoon accidentally found a well equipped wild cat distillery in full operation. The still was located in an underground cave about three miles Southeast of Fitzhugh.

Mr. Coyne had received information that F. G. Carroll had disposed of some property in Polk County, Arkansas, on which a Mena bank held a mortgage, and the Mr. Carroll was located somewhere near Fitzhugh in this county. Acting on this information Mr. Coyne yesterday afternoon went to the Carroll home looking for Mr. Carroll. When he arrived on the premises Coyne was unable to find anyone at home, but seeing a team tied up on a creek near the house he made an investigation.

When he reached a small out-house near the creek Mr. Coyne heard some voices in conversation, but for some time was not able to locate the parties doing the talking. Finally he discovered the voices were beneath the out-house and somewhere under the ground. He entered the building and pushing back a curtain in the rear of the room he saw a passageway leading into a underground cave or cellar. When he called to the parties below, Carroll and his wife came out of the cave and gave up.

In the cave was a forty gallon boiler and about 150 gallons of mash ready for the still. Carroll was brought to Ada and lodged in the county jail. He told the constable that he had been offered \$200.00 for his still worm and cautioned him to take good care of it, for "he would not lose it for anything." Carroll is the father of Wayne Carroll, who was arrested near Fitzhugh last summer while running a still, and who afterwards plead guilty in Federal court.

SAYS TANLAC MADE LIFE WORTH LIVING

Mrs. Mary E. Roach Says
Tanlac Is Her Favorite
Medicine As It Enabled
Her to Enjoy Three Years
of Good Health.

MRS. MARY E. ROACH
Of Lynchburg, Virginia.

"Tanlac has been the favorite medicine in my cabinet for three years," said Mrs. M. E. Roach of 402 Clay street, Lynchburg, Virginia, in an interview, recently. "At the time I began taking Tanlac," explained Mrs. Roach, "I had been suffering from indigestion, rheumatism and other troubles for nine years and could find nothing to help me. If I ventured to eat anything the least bit heavy I would be up with sour gas and almost smother. My heart would palpitate frightfully and when these spells came on I was so dizzy and weak I could hardly stand up. I often had to stop and rest while doing my housework. I was badly constipated and hardly ever free of headache. I also suffered with rheumatism in my fingers and especially in cloudy, rainy or snowy weather my pain was almost unbearable. My kidneys and liver were out of order and I had the worst kind of pains in my back, legs and shoulders. I had no appetite and what little I did eat seemed to do me more harm than good, as I always suffered afterwards and had become so run-down, weak and miserable that I sometimes felt like life was hardly worth living. "One day I read a testimonial for Tanlac that seemed so sincere that I decided to see if the medicine would help me. Well, the first bottle did me so much good that I got another, then another and so on until my troubles all disappeared.

As I said, that was three years ago, and I have been able to keep myself in good health ever since by taking a few doses of Tanlac now and then as I feel the need of it. Tanlac has built me up and given me strength and energy so that my housework is easy for me. It makes life worth living, for it keeps me with a good appetite, helps me to digest my food properly, and, by relieving me of all suffering and nervousness, enables me to sleep soundly every night. I shall always praise Tanlac."

Tanlac is sold in Ada by Gwin & Mays Drug Co., in Stonewall by L. P. Carpenter, in Francis by Francis Drug Co., and in Roff by Dowdy's Pharmacy.

Faced Mandrill, that acknowledged buffoon of the animal race, are seldom met with in recent years, even in the larger municipal zoos. And our own American Bison, that once roamed the western prairies in countless numbers, will soon be no more.

While the species of the animal family mentioned above are fast becoming only memories, from purely natural causes, the laugh of the Hyena, the most blood-curdling sound that ever rent the forest air; the chant of the lion as it rises and dies away in majestic cadence, will fall no more upon the ear of fearless and intrepid man, at least for years to come, and the mighty lion will come into his own again, the King of the forest, monarch of all he surveys. For the work of reconstruction in European countries, made necessary by the ravages of the late war, will keep the fearless animal hunter away from his dangerous, yet fascinating occupation.

As one strange animal after another drops out of existence, others just as strange and curious take their place. Last fall on a hunting trip in Oklahoma, a well known animal man came upon and succeeded in snaring, the strangest animal the world has ever known. Neither natural history nor the records of the boldest jungle explorers give mention of this wonder of wonders. The general supposition being that it came into existence after Noah sailed his Ark. The "What Is It," and this name is as fitting as any, partakes of the characteristics of seven different animals. It has the crested crown of a huge tropical bird, the quills of the porcupine; the poison of the rattler, and also gives the same warning as does that reptile before it strikes. His front feet are those of the bear, while his rear ones resemble both the hoof of the mule and the claw of the Eagle. It has the head of the Moose, the eye of the Hawk, and strangest of all, the ear of a human being.

This monster of the animal world is to be seen only with The Honest Bill Shows, which exhibits at Ada, Friday and Saturday, March 26 and 27.

ZASU PITTS IS AS FUNNY AS HER NAME

Zasu Pitts, a comedienne with as unique a screen personality as her name, plays the leading female role in "Better Times," a Brentwood production written and directed by King W. Vidor, the creator of "The Turn of the Road." The picture is distributed by Exhibitors Mutual.

The story is a small-town human interest drama, the locale Eureka Springs, a health resort whose day has passed.

Old Ezra Scroggs, proprietor of the Lakeview Hotel, has developed into a confirmed pessimist and allowed his hostelry to run to seed.

Nancy, his daughter, endowed with hope and enterprise, starts out to re-new the pristine glory of the hotel. She resurrects the 1902 model Ford, fights for patronage with the driver of the rival hotel's surrey, and succeeds in kidnapping one young chap.

Nancy proceeds to feed up the young fellow with the choicest food obtainable, and he becomes a voluntary publicity bureau.

The hotel prospers under their joint efforts, but Old Scroggs can't stand prosperity. He gambles away his money and the hotel, too, and then jumps in the lake. Nancy uses her father's insurance money to finish her education, but finds the finishing school girls are mostly snobs.

How she was reunited to her hero, who proved to be a famous ball player and whom she believed had trifled with her, furnishes a happy climax to a story replete with pathos and humor.

The cast includes David Butler, who plays the hero; Jack McDonald, Hugh Fay, Wm. DeVaul, Lillian Leighton and George Hackathorn.

"Better Times" will be shown at the American Theatre Thursday and Friday.

Beef Cattle
Choice handy weight beef steers, mixed yearlings, and tidy weight heifers sold readily today at strong prices. Other cattle were steady and extreme heavy steers sold slowly. Receipts were fairly liberal, but demand showed larger scope than last week and offerings were well cared for. Most of the pulp fed steers sold at \$11.50 to \$13.10 and native steers at \$11.00 to \$13.50. Some mixed yearlings brought \$13.25, and straight heifers \$13.00. Fat cows sold at \$8.00 to \$11.50, and "canners" and cutters \$4.25 to \$6.50. Plain to fair heifers brought \$8.00 to \$9.50. Veal calves brought \$8.50 to \$15.50.

Stockers and Feeders
Steady prices prevailed for stockers and feeders. Plain stockers and common feeders sold slowly, and the better grades moved more readily than the middle of last week. Good to choice feeders brought \$11.50 to \$12.25, and stockers \$9.50 to \$10.50. A few selected bunches sold above these quotations. Stock cows and heifers sold readily.

Sheep and Lambs
Trade in the sheep division was active with prices 40 to 60 cents higher. Fed lambs sold mostly at \$19.00 to \$19.25, and ewes up to \$14.25. No feeding lambs or breeding ewes were offered. There is considerable inquiry for breeding ewes. The next two weeks will about clear feed lots for this season.

Horses and Mules
Trade in horses and mules opened this week slowly, but with a number of buyers here more activity is expected later. Prices are quoted steady with last week. CHARLES M. PIPKIN, Market Correspondent.

Bank Service

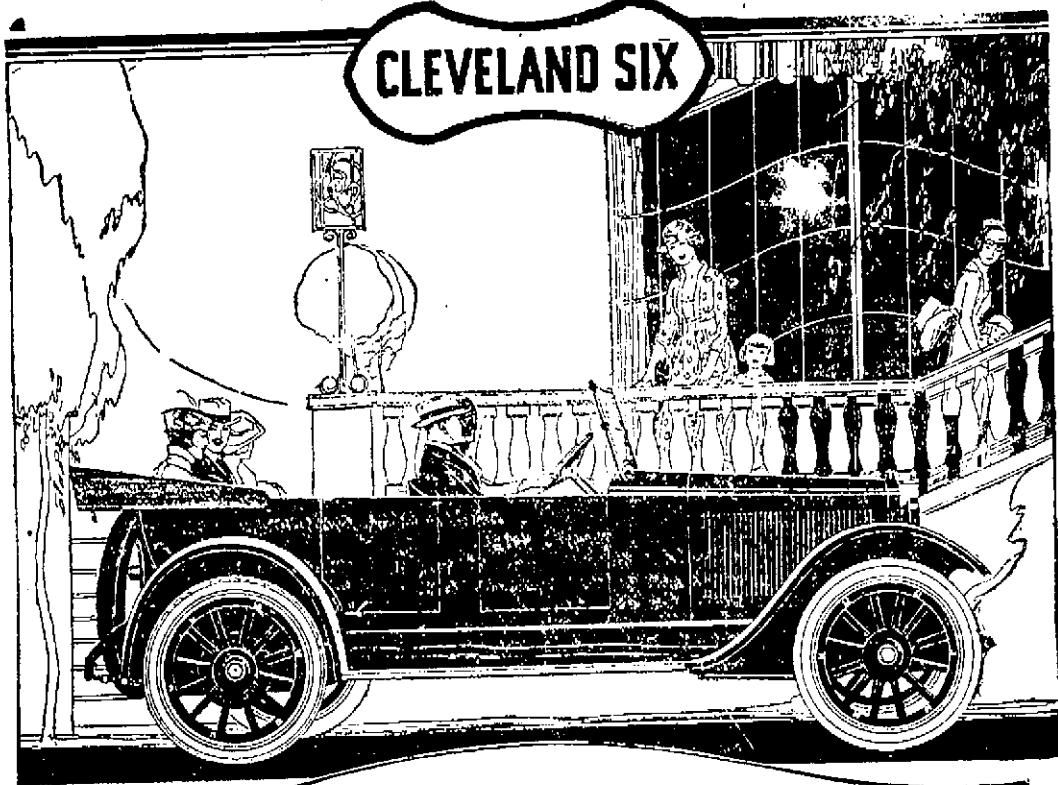

The greatest word in the banking business is Service. Banking is more than mere money - making - business. The banker is as much a public servant as the Mayor of a city, or the Governor of a state and he owes a duty to the public exactly as any regularly elected official.

We shall be glad to render our patrons every possible service and to assist them to the full limit of legitimate banking.

Bodyguards Watch Junkers. BERLIN, March 24.—Some of the German junkers of Pomerania are employing armed bodyguards to protect them after the example of their medieval forbears and some of these guards even have machine-guns, says the Vorwaerts. The paper adds that for this purpose the junkers are enlisting former German Baltic troops and that recently some detachments of these troops have been marched through Jarmen and distributed over the estates of three of the aristocrats nearby.

The Notable New Six

It's the Cleveland Six. Not really new, either, for the factory began deliveries last Summer and since then the Cleveland has gone out over the country into the hands of thousands of owners. And these owners say they are delighted with it. There is every good reason why they should be delighted with it. For the Cleveland Six is really an extraordinary car.

We cannot tell you how good the Cleveland Six is. You must ride in it and drive it to know.

This experience will convince you of the power and pick-up and speed and flexibility of this exclusive Cleveland-built motor.

It will convince you of the comfort of the car, contributed to so much by

the low underslung spring construction and the wide soft seat cushions.

You will be amazed at the ease of handling your Cleveland, how lightly it steers and shifts, and at the instant positive action of its brakes.

There isn't any other light car that will give you so much of all that you wish, and at such a fair price.

Come let us show you what a car the Cleveland is

Get Goodyear Tire Economy for That Smaller Car

Just as owners of the highest-priced automobiles get greater mileage and economy out of Goodyear Tires, so can the owners of smaller cars similarly enjoy Goodyear advantages.

The 30x3-, 30x3½-, and 31x4-inch sizes of Goodyear Tires are built to afford a money's worth in performance and satisfaction which only the utmost in experience, resources and care can produce.

This extraordinary money's worth begins not only with the merit of these tires, but also with the first cost, which in most cases is no greater, and sometimes actually is less, than that of other makes of the same types of tires.

Go to the nearest Goodyear Service Station Dealer for Goodyear Tires for your Ford, Chevrolet, Dort, Maxwell, or other cars taking these sizes. He is ready to supply you Goodyear Heavy Tourist Tubes at the same time.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag \$4.50

The many bond drives for multiplied millions and the unexampled proportions of appropriation bills passed during the war has among many other evil things blinded the public eye to the danger of mammoth campaign contributions. From every corner of the country comes the same story of unlimited wealth attempting to buy public office as cattle are bought and sold. The Newberry case in Michigan is current history. The Hamon-McGraw lavishness is well known to all Oklahomans. That McGraw and his associates are employing the same tactics nationally that corrupted Oklahoma is indicated by the demand just made by Senator Borah that the managers of General Wood explain their lavish expenditure of money. The campaign of Governor Lowden is also under suspicion of slush fund proclivities. Hiram Johnson has said that millions of money is being expended in the election of delegates to the Chicago convention. All of these charges and rumors indicate that money is now being used on a scale never dreamed of in the pre war days.

It is said on good authority that congress has spent two million dollars in investigating the conduct of the war. If it has any time to spare from its apparent effort to humiliate every man who served his country in the evil days of war, it might make some effort to ascertain what has become of that "great constructive program" congress was pledged to carry out in the event of a Republican victory in 1918. Not a single thing has been done to lift the burdens imposed by war conditions. Not a step has been taken towards keeping faith with the public concerning the pledges made in 1918. They have ignored the problems of America and have aggravated the tragedies of the world while taxing the people of America with the expense of manufacturing trumped up charges to help the Republican party in the approaching campaign. A failure more contemptible and a delinquency more criminal has not been recorded in the annals of time.

By refusing to admit members of the American Legion into its membership the United Mine Workers in their session at Little Rock draws a most severe indictment against itself. Their characterization of the Legion as the tool of capitalism is not believed by a single sane person in America. The four million American lads who offered their lives to the republic and the hundreds of thousands of them who actually risked their lives are the best product of their country and any clique or organization that attacks the legion is placing the indelible brand of ignorance and criminality on itself. The legion stands for law and order at all times and places, and by doing so is sure to incur the enmity of every branch of malcontents who fear and hate law enforcement. Again should the mine workers pray for deliverance from those who misrepresent them.

USSAERY ON TRIAL FOR KILLING HYDEN

Continued from Page 1)

in his shirt sleeves and bareheaded at the time of the shooting. He went into the house, got his coat and hat and started down town. Dr. Ross testified that he was called to the Hyden home immediately after the shooting. He found Hyden on the bed very bloody and exhausted. He had been shot in the left shoulder and in the right side, the latter load of shot entering the liver. He told the family that Hyden could not recover. Hyden died about 6:30 o'clock that evening. The state closed its case about 10 o'clock this morning and the defense began putting on its testimony. The theory of the defense is that USSAERY was insane at the time he killed Hyden, and testimony seeking to establish the defense is being heard.

Mrs. G. N. Burnett testified that she and her husband live in a house belonging to USSAERY. Stated that USSAERY became very uneasy when a prophecy was published that the world would end on December 17. He talked with various people and on many occasions concerning the pending calamity. He took down his gas stove and bought a wood stove, declaring that if the world froze up, he would be prepared

to take care of his family and neighbors. Judging from the actions of defendant about that time, she thought that defendant was unbalanced mentally.

G. N. Burnett testified along the same line as Mrs. Burnett. He heard USSAERY say he thought the world might be destroyed. Saw him making preparations for a calamity. At one time when witness lost his job was told by USSAERY that it did not make any difference—that the world was going to end anyway. Thought USSAERY was unbalanced.

T. A. Milstead, district agricultural agent, testified that he had known USSAERY for some time and considered him unbalanced. During 1918 when the war was going on USSAERY told him that he was afraid that the government was going to take his property and money. Asked witness to take \$400 of defendant's money.

The principal witness for the defense is Dr. J. W. Duke of Guthrie, one of the best known alienists of the country. He has not testified yet. It is believed that testimony will all be in today. The defendant is represented by Robert Wimlish and R. C. Roland. The county attorney is assisted by Jno. P. Crawford of Ada and W. M. B. Mitchell of Blanchard.

The jury drawn to try the USSAERY case consist of G. W. Jones, J. A. Mobley, W. S. Garrison, G. W. Montgomery, J. W. Stegall, B. F. Staggs, B. N. Sallege, Henry Odom, B. F. Haggard, J. C. Morgan, John Layne, and Geo. W. McKoy.

WESTERN LEAGUE TO START PLAY IN APRIL

TULSA, Okla., March 24.—With freak deliveries of all sorts barred the Western Association will begin its playing season of 140 games April 22 with Fort Smith playing at Pawhuska, Springfield, Missouri at Drumright, Henryetta at Okmulgee and Enid at Chickasha.

Decoration day finds Okmulgee at Springfield, Henryetta at Fort Smith, Enid at Pawhuska and Chickasha at Drumright. Double-headers are billed for July 4, with Fort Smith at Springfield, Drumright at Pawhuska, Henryetta at Okmulgee and Chickasha at Enid.

Monday, July 5 also being a holiday double headers are billed with Springfield at Fort Smith, Pawhuska at Drumright, Okmulgee at Henryetta and Chickasha at Enid.

The season's schedule closes Labor Day with double headers as follows: Springfield at Drumright, Pawhuska at Fort Smith, Henryetta at Okmulgee and Enid at Chickasha.

A loving cup will be presented to the city producing the largest paid attendance at the opening games according to President J. C.

Letcher, Western Association directors also decided that the first game of all double-headers must be nine innings, and the second game seven innings. The plan to pool transportation costs was voted down at the directors meeting held recently.

SCHOOL NOTES AND POULTRY SHOWS

Beginning March 28th, poultry shows were held at the following places: Vannos, Pariah Chapel, Brook Haven, Hall Hill, Black Rock, Steedman, Francis, Oakman and Lawrence.

Vannos had just lost its school building, teachers and pupils were adjusting themselves to the new order of things but nothing interfered. It was a good show and at no place did we note so much interest taken by the boys.

Brook Haven and Red Oak joined forces and had a splendid show. The very best of order prevailed and the judge brought out many interesting things in regard to poultry.

The children of Hall Hill made a good showing they were interested in everything that the judge had to say about poultry. This was one of the places where a show was held last year and the children are really interested.

Black Rock had carefully planned things and they were carried out

in good order. Good coops had been made, birds were clean and well selected.

Steedman had a large attendance of children, they were crowded, many of them standing but they were attentive and were anxious to hear what was being said about the chickens they had exhibited.

Sixty-five fowls were exhibited at Oakman. The judge gave a splendid talk on poultry, then each bird was carefully judged. Just about the time the show was in full blast, a storm came up and things were not carried out as planned.

Francis exceeded all in point of numbers. From all directions came boys and girls with chickens. An empty building down town had been secured and it was a big show. A number of good looking rabbits were shown as well as other pets.

Lawrence not only put on a good poultry show but exhibited canned fruits and vegetables, jellies and preserves, sewing, crochet and embroidery work and other things of interest.

A misunderstanding as to the date interfered at Pariah Chapel but some of the children brought chickens. Score cards were given to the pupils and they had a lesson on judging. The work of establishing a poultry club was begun.

Personal Work Meeting

The meeting this evening at the Christian Church in the interest of personal soul-winning promises to be an interesting one. The interest and attendance last Wednesday evening were fine. A goodly audience is expected this evening. Half an hour will be spent on a study of the church and the plan of pardon. The other half hour will be spent in prayer, in studying methods of personal work, and in consideration of those whom we are seeking to win to Christ. The time is short, and all who can possibly come are urged to do so. C. V. Dunn, Minister

MOTHERHOOD WOMAN'S RIGHT

How Lydia E. Pinkham's Vegetable Compound Helps to Make Women Normal.

Washington, Ind.—"I was in such a condition that I never expected to have children and my aunt advised me to take Lydia E. Pinkham's Vegetable Compound. It improved my health and restored a normal condition of my system so that I now have a fine baby. Until she was about a year old I was very nervous, and all the time thinking something terrible was going to happen. I heard anyone coming my heart would beat fast and I wanted to run. So I took the Vegetable Compound again and it helped me wonderfully. You may publish my letter as the medicine is surely great."—Mrs. I. V. A. BANTA, R. R. No. 4, Box 24, Washington, Ind.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is its ability to correct sterility in many cases. This fact is well established as evidenced by the above letter and hundreds of others we have published in these columns.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

The Liberty
Charley Starr's Liberty Players present today at the Liberty Theatre "Wife in Name Only." This is a two act comedy drama, that carries with it a plot, but will keep U in a constant state of laughter. Also a Paramount picture, Irene Castle in "The Invisible Bond." This famous actress, dancer, leader of fashion, and movie star, all in one will feature today in the part of the heroine who was true to her husband, who in turn proved to be otherwise, but come and see her win out.

The American
The screen at the American Theatre offers today pretty Peggy Hyland in "A Girl in Bohemia." In this picture the Bohemian Life of New York is exposed in a manner that will be clear to everyone without being offensive. It's a William Fox picture and is sure to be good. Coming Thursday and Friday, "Better Times," something to cure the worse case of grouch.

COPPER CHAIR IS FOUND IN AFRICA

LONDON, March 24.—The massive chair made of copper, which natives believe was given by the late Queen Victoria of England to an Ashanti chieftain and used by him as his throne, has been discovered in the midst of a jungle far from human habitation in the Gold Coast Colony, West Africa. According to native legend it was placed over the grave of the chieftain who had occupied it when alive.

In their superstition they believe he still sits upon his old throne in spirit at certain times and, for this reason, they have never tried to move the chair which, they declare, has now rooted itself in the ground, says a dispatch to the Daily Graphic.

A Gold Coast surveyor first stumbled across this curiosity. A search party returned to the spot and found the jungle so dense that the natives had to hack a path with cutlasses through the undergrowth.

In spite of inquiry, no confirmation of the native story as to the history of the chair has been obtainable and how it came to be in the jungle remains a mystery.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadersville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before. I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape. I cannot say too much for Black-Draught for it is the finest laxative one can use." Theodor's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it. NC-135

NEW IRENE CASTLE FILM STRONG DRAMA OF MARRIED LIFE

'Personal Liberty' Question Is Raised And Answered In "The Invisible Bond," Coming Here Soon.

Do you believe in Free Love? "The Invisible Bond," the new picture starring Irene Castle, which is on view at the Liberty Theatre today is a screen version of what happens when a young husband insists upon his "personal liberty" and the right to associate intimately with attractive young women of his acquaintance. It was adapted from Sophie Kerr's recent novel, "The See-Saw."

The story centers around the married life of Harleth and Marcie Cross, the latter role played by Mrs. Castle. Harleth has an affair with a coquette named Lella Templeton, which leads ultimately to a divorce between the Crosses. Thereupon the ex-husband marries his charming and discovers that her views on "personal liberty" are the same as he expounded to Marcia and that she reserves the right, though married, to consort with other men. In the end Lella meets a tragic death through an automobile accident in which one of her male flames, infuriated by the manner in which she has played with his affections, plunges them both over a high cliff. The picture is a Paramount-Craft and is played by an excellent company. Huntley Gordon is Mrs. Castle's leading man, and Charles Maigne was the director.

CONNECTICUT G. O. P. IN CONVENTION TODAY

By the Associated Press
NEW HAVEN, Conn., March 24. The republican state convention met here today to name 14 delegates to the national convention of the party; also had before it a resolution urging Governor Holcomb to call a special session of the legislature to act on the federal suffrage amendment. The governor, who is a republican, has on several occasions refused to call an emergency session to take up this question.

TRIAL OF SEARLES BEGINS IN DEADWOOD

By the Associated Press
DEADWOOD, S. D., March 24.—Scores of visitors are in town today to attend the opening this morning in circuit court of the trial of Mr. and Mrs. George Searle, charged with the murder of the latter's mother, Mrs. John Neamy. Mrs. Neamy's charred body was found in the furnace of the Neamy home at Lead, S. D., on December 7, last. The state charges that desire for the woman's property was the motive for the alleged crime. Interest attaches to the declaration of Dr. A. L. Bennett, Denver criminologist retained by the state, that he will make some important disclosures as a result of an examination of the dead woman's body.

If you want, what you want, when you want it, an ad in our want column will get it for you.

"BETTER TIMES"

A happy drama
Optimistic and human

There's no sense in being a grouch. Pessimism never got anybody anywhere except into the state of mental rot. Life isn't such a rotten game if you smile now and then, and it's a lot less rotten if you make other people smile.

"BETTER TIMES" isn't a preachment against pessimism nor a sermon on happiness, but it illustrates in a clever and entertaining fashion, some very human truths.

You'll feel better after seeing "BETTER TIMES." Your food will digest with less opposition, and the birds will sing more sweetly. If you've got a friend with a grouch, bring him to see "BETTER TIMES."

Election Proclamation

By authority vested in me as Mayor and Commissioner of Public Justice and Safety of the City of Ada, a general city election is hereby called to be held in the various voting precincts of said city on the 6th day of April, 1920, same being the first Tuesday in April, for the purpose of electing the following officers and voting upon the following propositions, to-wit: A Mayor and Commissioner of Public Justice and Safety, a Commissioner of Accounting and Finance, a Commissioner of Public Works and Property, a member of the Board of Education from ward 2 of said city, a member of the Board of Education from Ward 3 of said city, a member of the Board of Education from the outlying territory of said city, A Treasurer of the Board of Education of said city, and to vote upon the following proposed amendment to the charter of the city of Ada, to-wit: Shall section 3 of article 2 of said charter which reads as follows "The compensation of each commissioner shall be \$1500 per annum, payable monthly, to be neither increased nor diminished during the term for which he shall have been elected." Be amended so as to read as follows: "The compensation of each commissioner shall be \$2400 per annum, payable monthly, to be neither increased nor diminished during the term for which he shall have been elected." Said election to be held under the supervision of the Pontotoc County Election board and in accordance to the provisions of state election laws and the charter of the city of Ada. The following places are hereby designated as polling places in the respective precincts or wards: First Ward, at Police Court room City Hall. Second Ward, at Baker Reidt Co. 114 North Broadway. Third Ward, Ellis & Sons Furniture Store, West Main Street. Fourth Ward, Ada Marble and Granite Works, West Main Street. The polls shall be opened at 6 o'clock A. M. and shall remain open until 7 o'clock P. M. The regularly constituted and authorized election officials as provided by the county election board will conduct said election and be in charge of said polling places and will make returns of said election as by law required. Done this the 22 day of March, 1920.

GARY KITCHENS, Mayor and Commissioner of Public Justice and Safety, City of Ada. (3-22-101)

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

The Old Oaken Bucket is Our Idea of a Good Value

Of course, we can't compare to-day with the prices of yore.

Everything costs more than it used to but some things wear longer — so it's as broad as it's long.

High prices are all right if they are off-set by an increased period of satisfaction and that's getting right down to what we wanted to say in the beginning.

French Grand Opera at Normal Scores Big Hit

The Ada music lovers were treated last evening at the Normal to a feast of rare musical talent that was not only something different but of a nature that young and old alike greatly enjoyed.

Mme. Be-the-Riche, Pianist, by her graceful manner and pleasing personality, rendered piano solos in a manner that brought out the manifestation of her rare ability as a skilled pianist that equals the artists of old. Mme. Mry Cassel, Contralto Soprano, sang selections from Grand Opera in her native tongue, that not only were greatly enjoyed by all within sound of her wonderful voice but brought the audience in closer harmony with the great French people with whom the United States are such close friends.

Monsieur Charles Milbau tenor and Monsieur Leon Paulus, baritone sang solos and duets in their native tongue and together with the Operatic style of their rendition were greatly enjoyed by all as was signified by the generous applause with which they were greeted after each selection.

In appearing in the various costumes those who could not understand the language were able to interpret the significance of the Opera by the characteristic gestures and appearance of the Frenchman.

The United Lyceum and Community Entertainment Co. of Ada are to be congratulated in their selecting such an entertainment for Ada for to put it in the Frenchman's language it was, "Tres Jolie."

STUDENT EXCHANGE MAY BE ARRANGED

SAN FRANCISCO, March 24.—A movement is on foot here to bring about an exchange of students between universities in the United States and similar institutions in Latin America with a view toward bringing closer relations between the two sections of the western hemisphere.

It is proposed that a plan be adopted whereby a certain number of students from universities in this country take the last two years of their work in Central or South America, while a corresponding number should come to the United States. Some South Americans have attended institutions in this country, but universities in the nations to the south have not been favored to the same extent.

Although not much is known in the United States about the educational systems of our sister republics, those interested in the movement point out that the oldest university in the western hemisphere is not Harvard, as generally supposed, but the University of Lima, Peru, established in 1614. 24 years ahead of Harvard. Guatemala also has a military academy that, in the opinion of its advocates, is the equal to West Point.

MOUSE MARKET ON DOWNWARD TREND

NEW YORK, March 24.—A big slump in the mouse market is reported from Columbia University where large stocks of the little rodents are used for experimental purposes. Quotations for mice have fallen far below pre-war levels and many breeders have been forced out of business, according to Dr. Francis Carter Wood.

Hosts of mice were required during the war for medical experiments and high prices offered for them by the government stimulated the breeding of these animals. When the armistice was signed the breeders were caught "long" on mice and they found themselves carrying a heavy overload of a useless commodity.

This situation in the mouse market is disclosed in Dr. Wood's annual report as director of the George Crocker Special Research Fund, made public today. This fund was created to conduct scientific cancer investigation and many mice, not used for experiments at Columbia University are shipped to other laboratories. As one means to reduce the surplus, the directors of the Research Fund have attempted to ship some of the mice to the Pathological Institute of the Imperial University of Tokio.

FOREIGNERS TO BE TAXED IN SUNNY ITALY

ROME, March 24.—A tax would be imposed on property in Italy owned by foreigners not living in this country under the proposed new taxation and finance law which the government has laid before the Chamber of Deputies. This tax also would apply to Italy's stocks which such foreigners may hold.

Any money owed abroad by Italian subjects or companies also would be heavily taxed. Subscribers to the loan of 1920 and capital brought into Italy after January 1 of this year would however, be exempt from taxation.

The proposed tax on Italian stocks and shares held abroad is criticized by the financial expert of the Tribuna as unjust on the ground that this property already pays an income tax in the country where the owner is living. The paper points out that such a tax would be likely to discourage entrance of foreign capital into this country which is so necessary for Italy at this moment.
